- 12-15 credits each semester
- Minimum of 12 credits for full-time status
- Maximum of 28 credits for the Fall and Spring semesters combined

Students must register for a minimum of 12 credits for the Spring Semester in order to be full-time. The “normal” load per semester is 13 credits. The maximum credit load is 15 credits per semester and the maximum allowable credit load per academic year is 28 credits. Summer and January credits are not counted in the 28 limit. Requests for credit loads over 15 credits must be submitted to the Associate Dean for Curricula and, if approved, students will be charged for each credit over the 15 credit limit.

January optional Term – Students may enroll for the January term, up to 30 credits maximum for the full academic year (Fall Semester, January term, and Spring Semester combined.) The annual tuition will cover January term credits. The exception to the 28 credits per academic year, will be granted only once during a student’s degree program.

***Graduating Seniors
Due to the change in this year’s academic calendar graduating seniors who had planned to enroll for less than 12 credits during their final spring semester may petition the Student and Academic Affairs Committee (SAAC) to enroll in the coming spring semester for 9, 10 or 11 credits. The deadline for seniors to submit a petition is 12:00 noon Monday, November 26, 2012. Seniors may submit their petitions to Dean Shawn Oliver. If the petition is approved by SAAC, the student will be considered a full-time student for the spring semester. This is a one-time exception and is open only to graduating seniors. It will not be available in future academic years.

ThM Students Credit Limits
Students must register for 12 credits each semester in order to be full-time. (This does not include the January optional term.) ThM students may take up to 15 credits in a semester, without penalty or extra cost.

Registration Deadline
Students must be fully registered online for the Spring Semester no later than 4:30 p.m. Tuesday, December 11, 2012. Failure to do so by this deadline will result in the charge of a late fee of $110.00. Students may still drop/add courses through the drop/add period.

Please visit the Registrar’s website for “Cross-Registration for Princeton University Courses” information, listed under Additional Registration Information, off to the right. Those who plan to graduate this spring on May 18 will not be permitted to enroll in any University course in the spring semester for any needed graduation credits. The University spring semester begins on February 4 and final exams are held May 15-25.
- MSW program information. Updated information on the Joint MDiv and MSW Program in Social Work will be posted shortly on the Registrar’s website. An information meeting on the program for all interested students will be held in November, date to be announced.
- Special Courses: Independent Study and Thesis - If you wish to enroll in a special course, you must submit a completed special course form, available on the Registrar’s website, and submit it to the Registrar’s Office. (You may submit special course forms beginning November 16 until the first week of the Spring Semester.)

**Prerequisites**
If you have not met a prerequisite for a spring course, you will not be able to register online for that course. Please email registrar@ptsem.edu if you are enrolled in a Fall Semester or January Term course that meets the prerequisite for a spring course. Those who have received advanced placement for NT2101 or TH2100 will be able to register for courses that list these as prerequisites.

**Limited Course Enrollments**
There are a few courses with limited enrollment in the spring semester. Such courses are open first to seniors and Th.M. students and then to others. Please take advantage of the online registration schedule. Once a course is full and you wish to get onto a wait list, please contact the Registrar’s Office.

**Pass/D/Fail Limits**
No more than one half of course credits in any given semester may use the optional (pass/D/fail) system. In the event that a student registers for an uneven number of credits, the optional system may be used for the next number; that is, if registered for 13 credits, the student may take 7 credits on a pass/D/fail basis. (Section 6.7.3.5.1 in the Handbook.)

**Pay your Bills!**
Please make sure that you have paid any outstanding debts before it is time for you to register! No student will be allowed to register if there is an outstanding balance on his or her account. 3000  Electives that fulfill a departmental distributive requirement
4000  Electives that do not fulfill a departmental distributive requirement

Understanding Cross-Listed and Suffixed (cr) Courses:
In order to maximize the course options available, you may wish to use cross-listed courses and/or suffixed courses (cr) to fulfill distribution requirements. This enables you to increase the number of “free” elective hours you are able to take in fulfilling hours toward graduation. Here’s a breakdown of how they can be applied to your distribution requirements.

Interdepartmental Cross Listed Courses: An interdepartmental course is one that meets a requirement in two distinct academic departments (for example, Historical & Ecumenical Studies and Theology, or Biblical Studies and Practical Theology). For example: NT/TH3310 Jews and Judaism in Christian Scripture, Preaching, and Theology is cross-listed in two different departments: New Testament department and Theology department. This course satisfies 3 distribution requirements, two in Biblical Studies (NT course and a “close reading of the text” course) and one in Theology. Thus, you have fulfilled 3 requirements with one 3-hour course.

Intradepartmental Cross Listed Courses: An intradepartmental course is one that focuses on two disciplines within an academic department (for example, Old Testament and New Testament are disciplines within the Biblical Studies department) that generally fulfills only one distribution requirement. They include, but are not limited to courses listed as OT/NT, ET/TH. For example: OT/NT3316 Sin and Salvation in the Old and New Testament is cross-listed in two disciplines of the Biblical Studies department: Old Testament and New Testament. This course satisfies 2 distribution requirements (either as an OT course OR as an NT course and as a “close reading of the text” course). A course listed as ET/TH can be used to satisfy the “PH or ET” OR one of the “two TH3000 and/or TH5000” courses.

Suffixed “CR” Courses: The “CR” course you take to fill your “cr” breadth requirement may also be used to satisfy other distribution requirements. For instance, TH3583cr Critical Race Theory as Theological Challenge is a suffixed course. This course satisfies two requirements: Theology department distribution requirement and the “cr” breadth requirement. When a course “cr” course is interdepartmentally cross-listed, it could fulfill three distribution requirements.

***IMPORTANT NOTE: Please pay careful attention to the course descriptions and which distribution requirements they fulfill.
